

Gonzales County Youth Show

2023-2024 Bucket Calf Mentor Rules and Requirements

Our Mission: To give high school age an opportunity to work with 5 to 8 year olds to expose basic care and responsibility of raising and showing cattle.

The Bucket Calf Program offers an opportunity for young kids to start getting involved in the livestock industry. This program is for Kindergarten through 2nd graders (5-8 years old) who get a calf at a few days old, bottle feed, halter break, and finally show the calf at the Gonzales County Youth Show. The calf will be around three to five months old when shown at the Gonzales County Youth Show.

High School youth who apply will be selected as a Bucket Calf Mentor by committee members based on their application, reference letter, and video. Those selected will work with youth mentees participating in the project.
